Frequently Asked Questions

What are your parking facilities?

We provide a compound for on-site car parking, which is located on the grounds of the hotel. This compound is gated at night, and we have car park attendants during the day and evening to park your car for you. Cars are not moved off the hotel grounds.

Will I have to hand my keys in?

We have a small number of spaces for customers to park their cars and take their keys on holiday with them. These spaces are on a strictly first come first serve basis and are not able to be pre-booked. Otherwise, customers are required to hand their keys so we can park their cars in the compound. The cars will be moved out of the compound for customers upon their return journey for their convenience.

Can I park before my stay?

Yes, you may park your car at the Hotel and stay the night you return from your holiday. Simply tell us that is what you wish to do during your booking.

What do I do if I exceed the 8 day or 15 day parking package?

An extra days' car parking is charged at an additional £4 per day, and you may request this at the time of booking, or at check-in. What if I am delayed on holiday and I go over my booked period? You are able to pay for extra days upon your return.
